- To receive the stipend, you must attend every week (we only allow one excused absence).

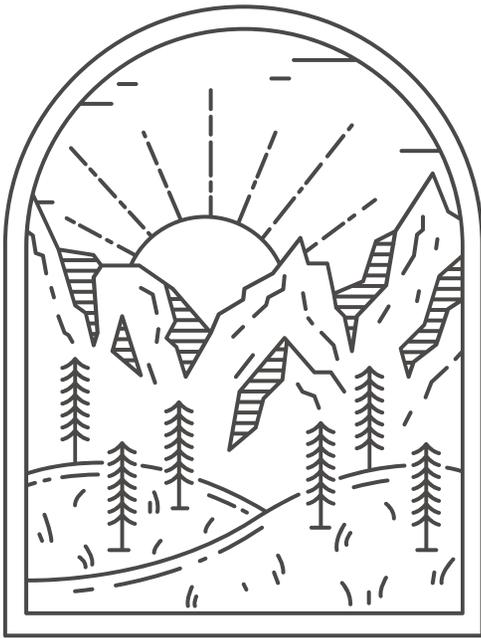

Scan this QR Code with your phone to get to our application!

TASC

bucket list summer teen leadership program

tascnwa.org/blsleadership

LEADERSHIP TRAINING

We will offer training on the Bucket List Summer program, including leadership skills, expectations, and how to deal with certain situations before Bucket List Summer starts!

The training will be over the course of two Saturdays for 4 hours each. Lunch will be provided. Dates are TBD.

Space is limited!

BENEFITS

1. \$250 Stipend

You will earn a \$250 stipend for volunteering your time with TASC. This is a check you will receive at the end of the summer, if you reach your attendance goals every week.

2. Experience

You will earn volunteer hours for all the time you volunteer that you can use for college applications or graduating. You will also get real training and experience by working with and being mentored by TASC staff.

3. Recommendation letter

You will receive a recommendation letter written by TASC leadership that you will be able to use for college or work!

TASC Adventures

This summer, TASC is recruiting 4 high school juniors and/or seniors to be an important part of the Bucket List Summer leadership team!

Teens will be chosen based on their application, short essay, and interview.

Applications will require a short essay asking why you are interested in being in a leadership role during Bucket List Summer. Please do not stress about this, this is simply to get to know your personality!

We are also asking for ONE reference letter, if you're able to get one. This should not be a barrier to apply though, as we want any teen who feels they are ready for the responsibility of a leadership role to apply.

Between being one of the junior leaders on the project and working with staff on the adventures and set up everyday, the knowledge you will gain will serve you well as you grow.
